PROFILE

I'm a Full-Stack Developer with several years of coding and hands-on experience of designing, implementing applications and solutions using a range of technologies and programming languages. I'm seeking to leverage more development experience and hands on technical expertise in a challenging role as a Full Stack Developer.

PROFESSIONAL EXPERIENCE

Software Developer Intern

ITorho Technology

■ November 2024 - November 2025

📍 Remote

- </> Designed and developed multiple web and app pages.
- </> Developed different websites using Angular, React.js and React-Native.
- </> First experience in creating Mobile apps using React-Native and also Angular (PWA).
- </> Debugging company's website and adding new features like pop up ads.
- </> Focussed mostly on backend to handle authentication using Firebase database and other apps I used MongoDB for backend.
- </> Worked as a team and I was made project manager to give tasks to team members and make sure website and apps run smoothly.
- </> Also changed the UI/UX (Frontend) for company's website for updates and improvement of website.
- </> Worked with React, React-Native, Angular, TypeScript, Tailwind, Nativewind, Firebase, MongoDB and Figma for designs.
- </> Experience in handling the Main / Master branch in GitHub and merge everybody's work and made sure there's no conflicts.
